Due to critical issues in supply chain and material availability within the aluminum market, we are left with no choice but to increase pricing on all **Floor Door** products by 20%. This increase will go into effect on December 1, 2021.

Please let us know as soon as possible if you have project specific quotations that need price protection. We will do our best to work with you.

If you have any questions/concerns, don't hesitate to reach out to us.

Very Truly Yours,

Alan Karp
