

May 13, 2019

Dear Valued Business Partner,

As Tariff 301 continues to progress, we remain committed to providing transparent communication and any pricing updates to our valued customers.

On May 9th, the US Government increased the rate of additional duty from 10% to 25% on List 3 301 Tariff Categories. **As a result, Stanley Black & Decker will remain consistent with duty rates and increase prices accordingly to the 25% rate effective August 1, 2019.**

We continue to monitor the very fluid situation and negotiations between the US and China Governments. If there is a change in policy or tariff rate we will adjust pricing updates accordingly.
